

Pod

Do you want to camp with adventure, but without the trouble of bringing your own tent? Book your Holiday in one of our 6 Pods. A Pod is a rental-accommodation, completely made out of wood and it has insulated glass. This gives the Pod a cosy atmosphere.

The Pod is isolated with sheep wool. The chosen materials and the special design gives an adventurous vibe to your stay. But you will also have some comfort, this makes the Pod an excellent place for the less experienced camper. Nevertheless you will have the feeling of a real camping experience.

Pod is an amazing spot for a long or short break. You can book a Pod from 2 nights. You can bring your own bed linen, but it is also possible to rent them at the camping reception.

Standard Pod contains:

- Sofa bed with 2 1-person mattresses.
- Heater
- Lighting
- Bistro set

Are you planning to stay with more than 2 persons? That is possible, but you will need your own air mattresses or sleeping mat.

Pod Luxe contains:

- 4 beds (12-persons mattresses and 2 1-person mattresses)
- Heater
- Fridge
- Lighting
- Bistro set

Pets and smoking are not allowed in Pod..
