## **SOME ADVICE**

### **BEFORE TRAVELLING ABROAD**

- ❑ Remember to get the forms adapted to the duration and type of trip you are going on and to the country you are travelling to (there is specific legislation for the European Economic Area). These different forms can be obtained from your local Health Service so that, if you fall ill or have an Accident, your medical costs will be directly covered by your Health Service.
- ❑ If you are travelling to a country that is outside the European Union and the European Economic Area (EEA), before leaving you should find out whether this country has a social security agreement with the United Kingdom. To do this, you should ask your Health Service if you are in the scope of application of the agreement and whether there are any formalities to complete (forms, etc.).  
To obtain these documents, you should contact the appropriate organisations before your departure (in the United Kingdom, the Health Service).
- ❑ If you are taking a treatment, remember to take your medication with you and find out about its transport conditions depending on your means of transport and your destination.
- ❑ As we cannot be a substitute for emergency services, and especially if you are going to take part in physical or motorised activities that have an element of risk, or if you are travelling to an isolated area, we recommend that you first make sure that an emergency rescue system has been set up by the appropriate authorities in the country to answer any possible rescue requests.
- ❑ In the event of the loss or theft of your keys, it may be important to have their numbers available. Note them down as a precaution.
- ❑ Similarly, if your identity documents or means of payment are lost or stolen, it is easier to get new ones if you have thought of making photocopies and noted down your passport, identity card and payment card numbers and kept them separate.

### **ON SITE**

If you fall ill or are injured, contact us as quickly as possible after having called the emergency services (Ambulance, fire brigade, etc.) for which we cannot be a substitute.

### **CAUTION**

We recommend that you read these General terms and conditions carefully. They indicate each party's respective rights and duties and answer questions Insureds ask themselves.
